

A514 AC Adapter for USB

- charge devices with USB charge function via USB cable without computer
- includes 4 connectors (ideal for travel): Europe, UK, Japan & US, Australia

USB Charger / AC adapter

AC Adapter for charging the Ni-MH battery for recorders with battery charge function. Depending on the specification the recorder can be set to allow use of the A514 as an AC adapter (batteries must be in recorder, but will not charge in this mode). Includes four connectors that are ideal for travel: Europe, UK, Japan, USA, and Australia.
