

LB-T01 Lens Barrier

- Protects the lens from dirt and scratches
- Secure screw mount attachment
- Open: shoot
- Simple handling
- One hand operation
- Close: protect

Never miss a snapshot!

The LB-T01 Lens Barrier can be attached to the camera through a secure screw mount to protect the lens surface from scratches and dirt. It's easy one hand operation by rotating the edge let's you switch between lens protection function in closed position to shooting mode in open position with a snap, so you will always be ready for shooting - even when wearing gloves.
