

CSS-S119L Leather Neck Strap

- Made of supple, high-quality leather
- Loop to attach accessories
- Complements the E-M10 Mark II's classic look

Creative shot-making in style

Look the part on your photography expeditions by hitching up your camera to the OLYMPUS CSS-S119L shoulder strap. Available in a tasteful black or brown, this stylish harness is the ideal accessory for carrying your camera safely when shooting and on the move. It adds a touch of timeless elegance that complements the sleek, classic design of the Olympus cameras perfectly. Manufactured from supple, high-quality leather, the CSS-S119L is soft on the skin, fits snugly round your neck, too, and provides the ultimate in comfort even during a long day's shooting.
