

LC-37C Lens Cap

- Automatic opening mechanism
- Suitable for M.Zuiko Digital 14-42mm 1.3.5-5.6 EZ
- Securely attached with a screw mount

Never miss a snapshot!

Protect your M.Zuiko Digital 14-42mm F3.5-5.6 EZ with this convenient lens cap with automatic opening mechanism. As the lens cap front barrier opens and closes automatically just by pushing the ON/OFF power button, it can be mounted to the lens all the time through a secure screw mount. With the LC-37C lens cap you will be always ready for shooting and never loose any time before being ready to take pictures.
